

CITY of BEAVERTON

STATEMENT FROM MAYOR DOYLE ON MINOR LEAGUE BASEBALL IN BEAVERTON

Beaverton, Oregon (July 21, 2009) – “If Portland is unable to find a suitable location for the team, we’d like to be considered as a potential regional solution to not only keep the Beavers in Oregon but in the immediate Portland metropolitan area,” said Mayor Denny Doyle. “We’re open to listening and exploring the opportunity to build a mixed-use facility here in Beaverton that could serve a number of public uses. As more details become available, we will share that information.”

Mayor Doyle is currently on a business trip to Beaverton’s sister city Cluses in France. Both Cluses and Beaverton are home to manufacturers of small precision parts. This year marks the 10th anniversary of the sister city relationship with Cluses.
